DETAILED ACTION

REASONS FOR ALLOWANCE

1. Claims 25-29, 31, and 32 are allowed.
2. The following is an examiner's statement of reasons for allowance:
3. The examiner agrees with the applicant's arguments submitted 11/4/06. The prior art fails to teach or suggest the applicant method of removing furan-based resin coatings. Specifically the use of the specific glycol ethers in combination with the pH-adjusting agent for use on surfaces containing the specific furan-based resin coating. Furthermore, the prior art fails to suggest the substitution of alternative coatings for the furan resin. As such the method of removing furan-based resin was not taught by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Gregory E. Webb whose telephone number is 571-272-1325. The examiner can normally be reached on 9:00-17:30 (m-f).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Douglass McGinty can be reached on (571)272-1029. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
